## Smart & Elegant Designs

Turn heads and provide a deeper level of engagement with touch screens that are as beautiful as they are responsive.

Our screens will attract attention and empower your customers to discover your products and services. Invite your audience to be in charge of how they learn.

Purpose built with high-quality, commercial-grade components and toughened glass for projects where performance, reliability and aesthetics are important.

The InTouch range offers best-in-class appearance and a proven history of reliability in the field.

### Key Features

- Pure flat bezel free design with edge-to-edge glass
- Bespoke minimalist design that allows your content to speak for itself
- Consistent design elements featured in all sizes 10" – 65"
- Fast, responsive 10-point multi-touch projected capacitive technology
- Driver-free plug-and-play operation for Windows
- No touch-point-drift and no calibration required, ever
- VESA holes on rear for flexible mounting options
- Elegant rounded corners with attractive silver trim

Beautiful, responsive, reliable

## Beautiful technology

Discover a range of touch screens as beautiful as the crisp, sharp images they deliver. Enjoy fast and reliable touch performance using the latest 10 point multi touch technology. Built with reliability in mind, and guaranteed for 3 years 24\*7 operation, they are the ideal solution for an engaging and consistent user experience.

Available in 10", 15.6", 19", 21.5", 32", 42", 55" & 65"
