

DATA SHEET

KIO420P KIOSK

Ignite a whole new level of engagement with your audiences by choosing the KIO420P. The stunning edge-to-edge glass invites your audience to engage in a truly interactive experience, where they feel in charge of their learning.

There is plenty of space for content and branding on the large 42" portrait display and seamless front fascia. Your users will enjoy 10-point PCAP multi-touch gestures like swipe, pinch & zoom, and the Full HD 1080 x 1920 screen resolution delivers rich images that will engage them in immersive discovery. The KIO420P is suitable for a variety of applications, and is especially suited to those seeking to attract attention and empower their customers to learn about, and engage with their products and services.
