

DATA SHEET

INWMPOR-LG

Portrait 32" - 55" Touch Screen

Wall Mount

The INWMPORLG is a portrait display wall mount ideal for 32" – 55" touch screens. This mount is designed for fixed mounting only and is NOT suitable to tilt. The fixed mounting design allows for ultra-low profile presentation supporting your display just 27mm from the wall. A theft deterrent design and lockable security bar combined with a quick and simple installation process makes it the perfect mounting solution for touch screens.

FEATURES

- Screen Size: 32" – 55"
