

DATA SHEET

KIO430PTOTEM

Ignite a new level of engagement with your audience with our KIO430P-TOTEM. Boasting a thin bezel touch screen that maximises visual impact is finished with edge-to-edge premium toughened glass. Draw your audience in and engage them in a truly immersive touch experience.

There is plenty of digital real estate for content and branding on the large seamless front fascia of this 43" portrait display kiosk. Your users will enjoy 10-point PCAP multi-touch gestures like swipe, pinch & zoom, and the 4K screen resolution delivers colour rich images. The KIO430P-TOTEM is suitable for a variety of applications, and is especially suited to wayfinding and interactive directories as well as those seeking to attract attention and empower their customers to learn about, and engage with their products and services.
