KIO320P-SLIM KIOSK

Introducing our next generation in commercial kiosks. The clever design of our new 32" slim portrait kiosk will draw your customers in with its incredible form factor and floating screen design. New to our extensive range of kiosks, the KIO320P-SLIM is perfect for so many applications including wayfinding, endless aisle, self-order, self-payment and much more.

The visually appealing slimline design with soft corners, angular design and edge-to-edge glass make it suitable for showrooms, retail stores and other environments requiring an elegant solution. The solid steel construction, commercial components and toughened glass make it also suitable for harsher, high-traffic environments or other locations that require a rugged solution.
