10 POINT MULTI-TOUCH

EASY SET UP

Smart & elegant designs

Turn heads and provide a deeper level of engagement with touch screens that are as beautiful as they are responsive.

Our screens will attract attention and empower your customers to discover your products and services.

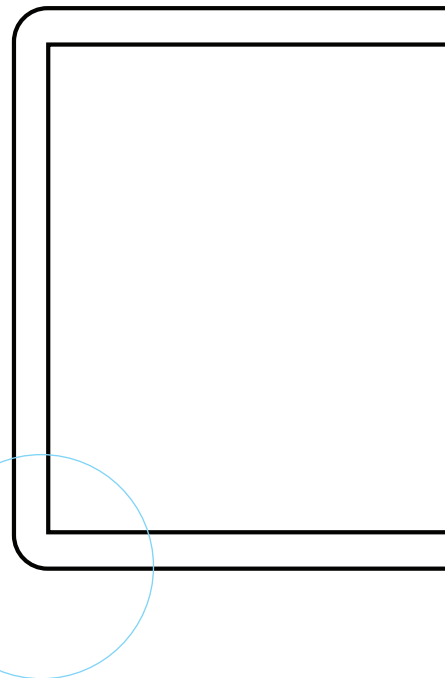

Invite your audience to be in charge of how they learn.

Purpose built with high-quality, commercial-grade components and toughened glass for projects where performance, reliability and aesthetics are important.

The InTouch range offers best-in-class appearance and a proven history of reliability in the field.

Stunning features

- Pure flat bezel free design with edge-to-edge glass
- Bespoke minimalist design that allows your content to speak for itself
- Consistent design elements featured in all sizes 10" – 55"
- Fast, responsive 10-point multi-touch projected capacitive technology
- Driver-free plug-and-play operation for Windows
- No touch-point-drift and no calibration required, ever
- VESA holes on rear for flexible mounting options
- Elegant rounded corners with attractive silver trim

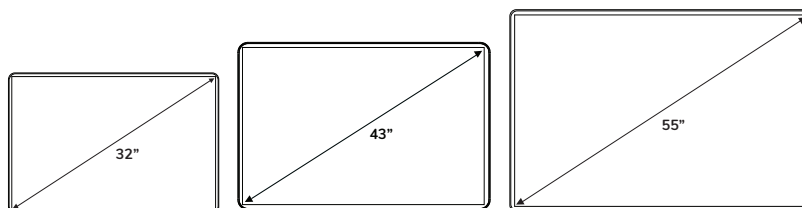

Stylish, edge-to-edge glass

Less bezel, more screen

Discover a range of touch screens as beautiful as the crisp, sharp images they deliver. Enjoy fast and reliable touch performance using the latest 10 point multi-touch technology. Built with reliability in mind, and guaranteed for 3 years 24x7 operation, they are the ideal solution for an engaging and consistent user experience.

Available in 32", 43" & 55"

Portrait & landscape

Mix & Match installation of 150 In Touch screens sized 15" - 42" in portrait and landscape orientation
'Screens World' - ACMI, Federation Square Melbourne

Portrait perfect

- Balanced design with all sides featuring identical edge-to-display distance
- Free of unsightly sideways manufacturer logos
- Switch from landscape to portrait orientation
- Convenient VESA compatible mounting for monitor arms and wall-mounts

Delivering successful projects across all industries

Our friendly and knowledgeable team of touch screen experts are here to assist you with your project. With decades of industry experience, we can guide you from research-phase to roll-out. INTOUCH

Discover the InTouch kiosk range

Beautiful, modular, robust

Discover our range of highly configurable kiosks, versatile to meet your unique requirements whilst maintaining their solid foundation of a field tested reliable core. Expertly designed and manufactured right here in Australia, they are as clever, robust and reliable as they are classy and elegant.

LOCALLY SUPPORTED

3-YEAR WARRANTY

10 POINT MULTI-TOUCH

EASY SET UP

Beautiful designs

Classy soft corners, smooth tapers and commercial edge-to-edge glass. The high quality finish on our Australian built kiosk designs attract your customers to engage with your content.

Curves, tapers, edge-to-edge glass

Customise your kiosk

Modular designs

Our clever modular designs allow you to personalise your kiosk. We build in your chosen peripherals, dress them according to your branding guidelines and deliver a solution that is purpose built for your unique requirements.

Personalised for your brand

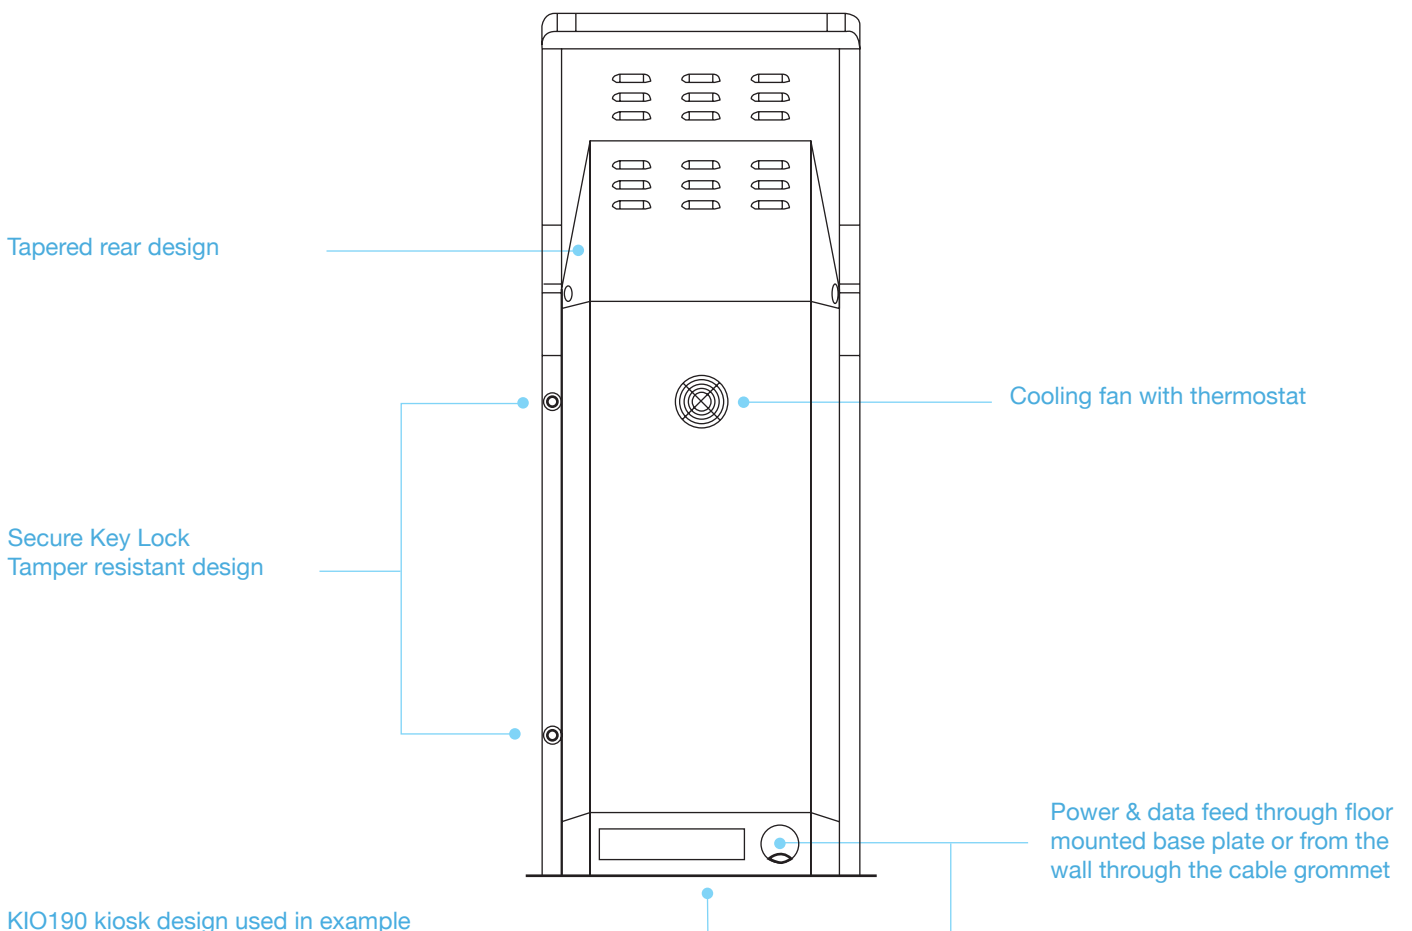

Robust steel construction

Located in high-traffic public retail locations, mine-sites, workshops, manufacturing facilities and unattended reception areas, the InTouch kiosk range is designed to stand up to tough conditions. With toughened glass screens, tamper-resistant features and the ability to bolt down when required, you can feel confident that the kiosk you install will last for years.

Key features:

- Australian designed and manufactured
- Steel construction with a durable, powder-coated finish
- Internal guide holes to bolt down when required
- Tamper-resistant features, with no exposed screws or rivets
- Commercial-grade, long-life components used throughout
- Protective toughened glass on touch screens
- Easy servicing with convenient easy-to-swap components
- Key lockable access doors and secure PC access panels
