INFSS215

Introducing the new InTouch Silent Salesperson. Designed for our 15.6" and 21.5" touch screens in portrait orientation, the silent salesperson comes with a commercial 10-point PCAP touchscreen. Your customers will experience your digital content on a whole new level.

Boasting a small footprint, the freestanding kiosk is affordable with a large ROI. Perfect for retail and showroom environments, the silent salesperson allows customers to discover and browse your latest product range that may not always be available instore or on the showroom floor.
